MEMORANDUM

TO: []

FROM: []

Action in Field
Disputed outlining for [] ready for Promotion late Fall.
I have asked [] to carry this memo to you and also that *Note* he discuss with you the question of [] remaining with the *Cable on* organization after 1 September 1952. *this requesting retroactive*

EW 6 mus at [] James in interview
1. Ref. WASH 26734. Although [] is an old friend and I think very highly of his ability there just doesn't seem to be any need of further increasing the BGFiend staff here now that [] will probably be with us in April. It is true that I definitely need someone of this caliber and was counting on [] for the job as due to his excellent record while backstopping Fiend he seemed the logical choice for the position. Either [] or [] would be a most welcome addition but I think you will agree that the former would be preferable for Fiend. In addition, [] must proceed very cautiously at present in regards to increasing his staff here.

2. The 1952 operational plan will be pouched you by the end of this week.

agree
3. I felt it was best to postpone our operational meeting until after your meeting with [] which will clear up the Fiend/Valuable misunderstanding and controversy. At our TPCredo meeting I extended an invitation to their representative to attend but in view of recent events I think it advisable that we make no further mention of future operational meetings to Valuable and limit them to Fiend personnel. I hope you will settle the leaflet question so that we know where we stand. In any event we propose to continue BGBegood for the next three or four months and will drop leaflets explaining the contents of the containers and nature of the drops. Small quantities of leaflets or copies of QKPalang will be dropped for cover purposes from time to time on operational missions. If leaflet drops are to be carried out by Valuable we prefer that the leaflets go direct to BGBiddy rather than route them via us. In such instances we would like approximately 50 copies of these leaflets sent us for our records.

you have done this have not you - NO. 0 Explained to me 4/26/52
4. Ref. WASH 26932. During [] recent meeting, [] was explicit in stating his ability to handle all future leaflet drops. In view of this, I feel that 400,000 symbol sticker leaflets (Ref. Para 1) should be dispatched to [] thus forcing his hand to carry out his commitment. We would like the remaining 100,000 sticker leaflets sent us here as a backlog for cover drops.
